

AARAV MENON

B.Tech Computer Science and Engineering, VIT Vellore, 2026

aarav.menon@example.com | github.com/aaravmenon | Vellore, Tamil Nadu

EDUCATION

VIT Vellore - B.Tech CSE, CGPA 8.6/10, 2022-2026

Relevant coursework: DBMS (A), Operating Systems (B), Computer Networks (A), Data Structures and Algorithms (A), Software Engineering (B)

EXPERIENCE

Zeta - Backend Engineering Intern, May 2025 - July 2025

Built internal tooling for the reconciliation team using Python and Django. Improved performance significantly.

Wrote scripts that reduced a manual reporting step from 40 minutes to 4.

PROJECTS

Campus Mess Portal - Django, PostgreSQL, deployed, 400 monthly users

Rewrote the daily menu aggregation query; runtime went from 2.1s to 240ms.

Handles authentication, ordering and a weekly feedback loop.

github.com/aaravmenon/mess-portal

Weather CLI - Python

A command line tool that fetches and caches forecasts.

Smart India Hackathon 2025 - Finalist, backend lead for a team of 6

Designed the API surface and the Postgres schema for a logistics tracker.

SKILLS

Languages: Python, JavaScript, SQL, C

Frameworks: Django, Flask, React

Tools: Git, Linux, PostgreSQL, Nginx

Familiar with Docker

ACHIEVEMENTS

Smart India Hackathon 2025 finalist

Solved 340 problems on competitive programming platforms
